ción densidad grafo vs tiempo de ejecucion de FF shortest augmenting path

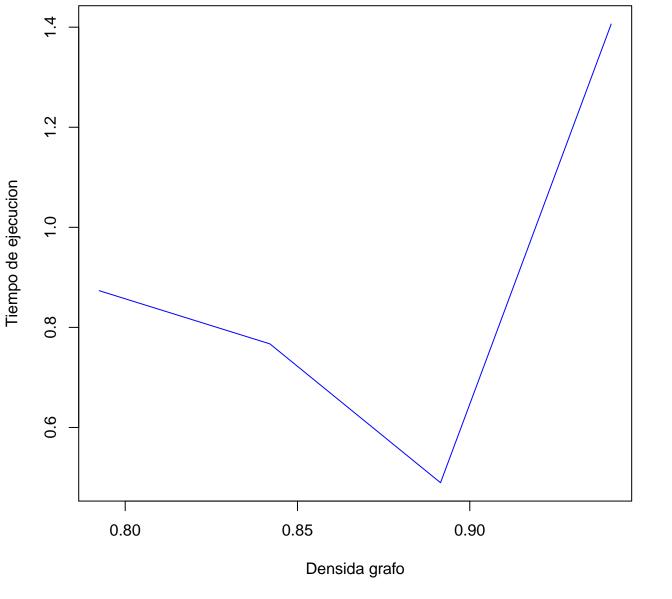

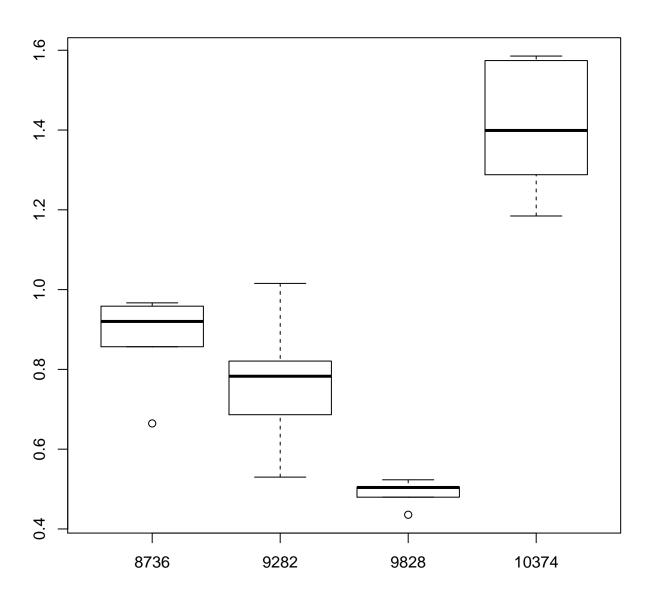

omparación densidad grafo vs flujo por FF shortest augmenting path a 205 i 3000 2800 2400 2200 0.80 0.85 0.90 0.95

Densida grafo

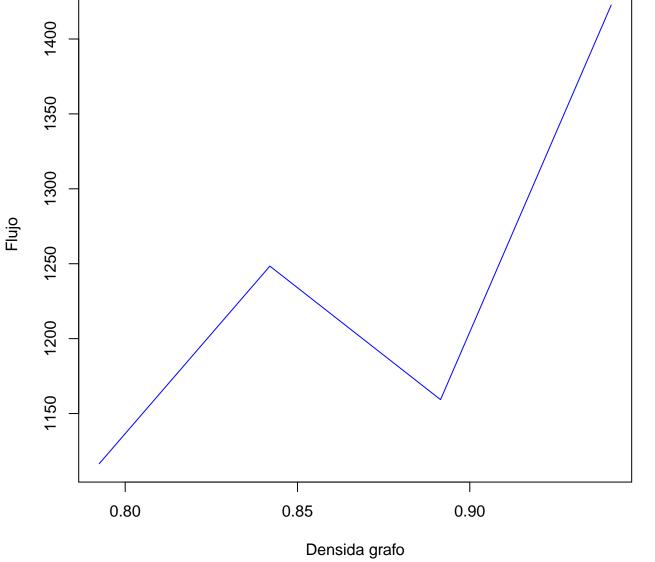

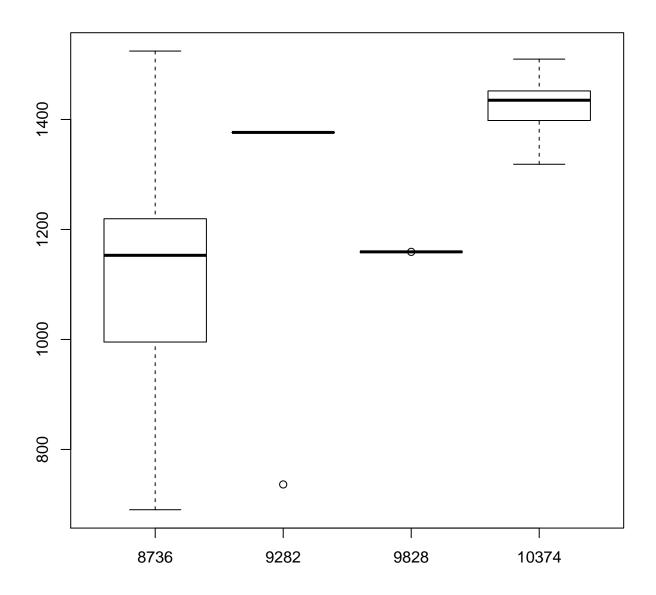

ción densidad grafo vs tiempo de ejecucion de FF shortest augmenting path

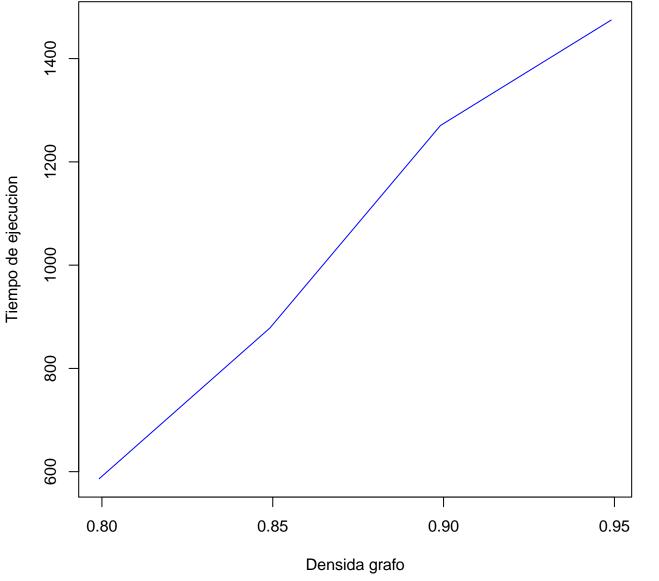

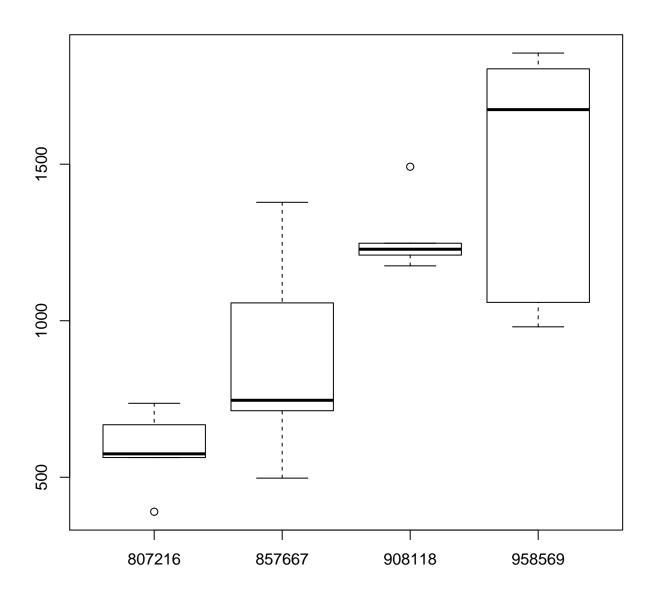

omparación densidad grafo vs flujo por FF shortest augmenting path a 105 i

ción densidad grafo vs tiempo de ejecucion de FF shortest augmenting path

omparación densidad grafo vs flujo por FF shortest augmenting path a 1005
